

SWACHH BHARAT ABHIYAN

Swachh Bharat Abhiyan, or Clean India Mission, is a big program started by the Government of India to make our country clean. It was launched on October 2, 2014, by our Prime Minister, Narendra Modi, to make Mahatma Gandhi's dream of a clean India come true. This program asks everyone to keep their homes, schools, streets, and parks clean.

This mission also works to build toilets in villages and cities so people don't have to go outside. Many schools and people have joined this program to teach others about the importance of being clean. If we all work together and keep our surroundings clean, we can make India a happy and healthy place to live!
